

Tadeas Jun

Software engineer

EXPERIENCE

Software engineer

Masaryk University

February 2022 - present

Working on the internal Information System of the Masaryk University, used by 60 000 students and teachers daily, using Perl, SQL, and JS.

Developer & game tester

Freelance

May 2020 - present

I have worked on several freelance projects, predominantly via the Fiverr platform, mainly around NodeJS and the Discord API.

Developer & writer

Personal projects

February 2019 - present

Over the years, I have worked on many small and large personal projects. The main ones include the Eledris blog about worldbuilding, the Art Prompts Android app and Discord bot, as well as several open-source Discord bots and an open-source Android app, Jots.

More about my personal projects can be found on my portfolio page.
